

CARRIE NATION DECLARES SHE PREFERENCES JAIL TO GOING TO HELL

PITTSBURG, Pa., May 27.—Mrs. Carrie Nation of Kansas, who was arrested here yesterday, charged with disorderly conduct for scolding and embarrassing four men in public, was fined \$25 and costs or thirty days in the workhouse, today, by Magistrate Brady. She refused to pay her fine, and the intention was to have her taken to the Allegheny county workhouse this afternoon. As she was being led back to the cell department she cried out in the courtroom:

"I would rather go to jail than go to hell."

Mrs. Nation's present trouble started yesterday, when she strenuously objected to three men smoking cigarettes and a fourth wearing a Masonic emblem.

On a street car, Detective Kelly, who arrested her, testified afterward:

"If she is not a gutter she is crazy, and I think she ought to be held until such a time as a commission could be appointed to examine into her sanity."

This testimony so angered the saloon smasher that Magistrate Brady brought the proceedings to an abrupt close by imposing the fine.

Several members of the W. C. T. U. who were present, passed a hat to collect money to defray her fine. They were successful and Mrs. Nation was released.

"Pittsburg needs more disorderly people like me," she said as she left the police station.

AMUSEMENTS

IN SALT LAKE THEATERS.

SALT LAKE THEATRE—William Collier in "Caught in the Rain." Evening, 8:15.

GRAND THEATRE—"Chinatown Charlie." By Burgess Company. Matinee, 2:30. Evening, 8:30.

ORPHEUM THEATRE—Advanced vaudeville. Matinee, 2:15. Evening, 8:15.

William Collier comes to the Salt Lake Theatre tonight in "Caught in the Rain." Every indication is for a capacity house.

"Chinatown Charlie," at the Grand, is drawing some big audiences this week, in spite of the wet weather. The play is one that appeals to every class of playgoers.

The hill at the Orpheum is packing that popular playhouse. There are several headliners on the programme.

C. R. Porter, one of the most expert cameraphone operators in the country, has arrived in Salt Lake City and is busily engaged in installing the cameraphone at the Lyric. Mr. Porter says that Salt Lake is about to see the most unique amusement novelty ever produced according to the expert, everything will be in readiness for the opening matinee Saturday at 2:30 o'clock. Mr. Porter was delighted with the appearance of the Lyric, pronouncing it one of the prettiest little playhouses he had ever seen.

Finest music, best floor, Saltair. Opening of season May 30.

SALT LAKE MUSICIANS SEND COMMUNICATION

The following letter has been sent to the Commercial Club and Manufacturers and Merchants' association by the musicians of Salt Lake:

Salt Lake City, Utah, April 4, 1908.

To the Commercial Club:

Gentlemen:—We, the musicians of this city, are respectfully requesting your aid in securing the co-operation of your club and the Merchants and Manufacturers' association, together with the newspapers, with the object in view of inducing employers of musicians to take the stand that they will employ none but home musicians.

We represent between 200 and 250 musicians, residents of this city, a great portion of whom are owning their own homes, making them taxpayers, and are thereby contributing to the upbuilding of the city, and are also patronizing its merchants and other institutions.

We respectfully ask that you take such steps as in your judgment seem proper to induce those who are employing musicians to employ none but home musicians. There seems to have been a tendency in the past, when engaging musicians for hotels or restaurants, to engage people who are not residents of this city, and, with some handle to their name, like "Royal" this or "Royal" that, some of whom cannot even speak the English language.

Again, a number of the lodges when requiring the services of a band or orchestra, have given preference to the great clans of Fort Douglas, who are fed, clothed and paid by the United States Government, and ought not to be employed by the residents of this city in preference to our own citizens.

We ask that you use your influence and good offices to get these people to see the error of their way. We believe if we all work in harmony in matters of this kind, and the carrying out of the purposes of your honorable body, that it will eventually lead to the upbuilding of a large and prosperous community.

Hoping you will take early and favorable action on this matter, we are, yours very respectfully,

THE MUSICIANS OF SALT LAKE CITY.
C. L. Berry, L. P. Christensen, W. E. Sims, Committee.

Held's band, Saltair, May 30.

Sues Oregon Short Line.

Judge Ritchie and a jury took up the third damage suit of Giovanni Cereghino against the Oregon Short Line, in the Third District court, Wednesday. Mr. Cereghino sues to recover for damages alleged to have been done to his certain house which she owns on Third West, between Seventh and Eighth South streets, by a railroad car constructed by the company several years ago. Mr. Cereghino presented the company from operating the car, by injunctive proceedings, and is now suing for damages done prior to that time.

Body of Gen. Clinton Exhumed After Ninety-Six Years in the Grave

WASHINGTON, May 27.—After resting for four years less than a century in the Congressional cemetery in this city, the body of George Clinton, once major general in the Revolutionary army, first Governor of New York and a former Vice-President of the United States, was today removed to New York City on its way to Kingston, N. Y., for final interment.

Not since the death of President McKinley has a funeral been marked with such elaborate military honors. The remains were escorted from the cemetery to the Union station by military, patriotic, civic and commercial organizations, representatives of the State of New York, and descendants of Governor Clinton. For the first time in the history of military funerals, at the request of the War department, women participated in the ceremonies incident to the disinterment. Gen. Franklin Bell, chief of staff, U. S. A., was chief marshal of the procession.

The troops assembled at the cemetery, and after receiving the casket the command marched with it to the

RAILROAD NOTES

It is understood that the United States government has brought action in the East to test the Hepburn act, compelling the railroad companies to dispose of their coal lands. The first case will be before the Circuit court of Philadelphia, June 15, of this year. The action is brought against the Denver & Rio Grande company for its failure to place on the market \$10,000,000 worth of coal lands in Utah and Colorado. The company asked for an extension of time, declaring that it had been unable to find a market for the lands. The court, however, refused to postpone the time limit. In case the court upholds the law millions of dollars worth of coal lands will be placed on the market.

On Saturday, June 6, the Oregon Short Line company will run the first excursion of the season to the north.

W. B. Throckmorton, traveling freight agent for the Colorado Midland, left Wednesday morning on a business trip to the north.

J. H. Rutter, district freight agent of the Salt Lake Route, returned to Salt Lake City Wednesday morning from a trip to the southwestern part of the State.

Simon Rumberger, president of the Salt Lake & Ogden railroad, went to Ogden Wednesday to inspect the work at that city. Mr. Rumberger says the road will be completed today, and that trains will be running between Salt Lake and Ogden next Saturday.

The passenger department of the Oregon Short Line railroad issued a circular Wednesday announcing the opening of the Yellowstone Park railway, and giving information regarding trips to the park. The new road goes to Yellowstone, Mont., and is within twenty miles of the Pounah hotel, and twenty-nine miles from Old Faithful Inn. Copies of the circular can be obtained at the passenger department of the line.

FEDERAL COURT

Ebon J. Gregory, charged with having coin-sawing equipment in his possession, was arraigned in the Federal court Wednesday morning and entered a plea of not guilty. His bond, which was originally fixed at \$5000, was reduced to \$2000, which sum Gregory feels confident he can raise. Since his arrest several weeks ago Gregory has been confined in the county jail.

Peter and Theros P. Paulos, Greeks, charged with robbing the mail of the Bamberger coal company, were arraigned in the Federal court and both entered pleas of not guilty.

Dr. E. S. Payne, charged with using the mails to distribute forbidden literature and medicines, and Jack Lacey, charged with robbing the Murray post-office, were both arraigned in the Federal court and entered pleas of not guilty in each case. Lacey was taken back to the county jail while Dr. Payne furnished bond and was allowed to go. All the cases will come up for trial at the fall term of court.

Century Printing Co.,
Salt Lake's printers, 165-167 South West Temple. Best work at fair prices.

INCORPORATIONS

Articles of incorporation were filed by the following companies in the office of the Secretary of State Wednesday:

Reservoir Fruit company of Brigham City; capital stock, \$20,000, in shares of \$100 each. Officers: Hyrum Jensen, president; James Hansen, vice-president; Joseph Jensen, secretary and treasurer. The company will carry on a fruit, real estate and irrigating business.

Beas River Valley Implement company of Tremonton; capital stock, \$5000, in shares valued at \$100 each. Officers: W. F. Burton, president; F. W. Fishburn, vice-president; Charles McClure, secretary and treasurer; S. R. Wattland, manager. The company will carry on an implement and machinery business.

Mrs. Jane Latay Dead.

Mrs. Jane Warren Latay, 95 years old, died at the home of her daughter, Mrs. J. P. Keate, on Sixth South street, Wednesday. Mrs. Latay is survived by three sons and three daughters. John H. Latay, Mrs. J. P. Keate and Mrs. George Keate, of Salt Lake City; William Latay of Omaha; Henry J. Latay of Los Angeles and Mrs. L. Schert of La Crosse, Wis. The funeral will be held from the home of Mrs. J. P. Keate, Wednesday, at 2 p. m.

Union station, where it was received by representatives of various patriotic societies of women. On completion of this ceremony the casket was delivered to the guard of honor. As the body was carried from the spot where it had rested for ninety-six years to the casket, the trumpeters and drummers sounded the generals' march and the United States Marine band played a dirge. In the meantime a field battery fired a salute of nineteen guns in honor of the distinguished dead.

The reinterment will take place in Kingston on May 30, near the spot where Clinton took the oath of office as Governor of New York in 1777. Rev. Roswell R. Roes, chaplain U. S. A., a former resident of Kingston, originated the plan of removing the body of Governor Clinton to Kingston, believing that it should not rest permanently away from the scene of the patriot's activity.

The House, on motion of Mr. Sherman of New York, took a recess of fifteen minutes to permit members to witness the Clinton funeral cortege which passed in front of the capital.

Raymond Silvers Has Good Record

RAYMOND SILVERS.

Raymond Silvers of the fourth grade of the first school is proud to say that he has not been absent or tardy a single time during the school year.

Spend Decoration day at Saltair.

NEWS FROM THE UNIVERSITY

The Associated Students held an important meeting in the Assembly hall Wednesday. Several amendments to the constitution were voted upon. After two of them had been passed it was found that there was not a sufficient number of members present to pass these and they were laid upon the table for one day. Joseph Barlow, president for next year, then took the oath of office. He spoke for a few minutes and briefly outlined a policy for next year. He said in part that the "honor system" could and would be started here next year. This has been done to many colleges, and with great success. There is no reason why it should not be successful here if there is any need of it.

It is hoped that the stealing of minor articles of wearing apparel, lunches, jewelry, etc., will in this way be obviated. The students and faculty will work hand in hand for the advancement and upbuilding of the school. The student body this year has been stronger than ever before.

The report of the treasurer, James Allen, shows a balance on hand of \$141.25, as compared with \$53.65 for last year. After the business, the meeting was turned into a rousing song and yell practice for the Stanford track meet next Saturday on Cummings field. Every student will be on hand with a big megaphone and lusty lungs to do his mite toward victory on this occasion. Thursday, June 4, will be held day at Lagoon. The committee in charge is planning for a successful and well attended outing. The day will be filled with athletic sports, dancing, games, and some special novel features.

The last issue of volume 16 of the University Chronicle appeared Wednesday. Lester Blackner, the business manager, had charge of the issue in the absence of the editor, Earl Haver, who has been at the University at Park City and Bingham. The leading stories were by Mrs. Palm and Erma Penellton.

Prof. Richard R. Lyman of the university delivered a lecture before the graduating class at American Fork, Tuesday evening. He also will speak before the class from the Granite school, Thursday evening, in the Granite tabernacle.

The medical society of the university held an interesting meeting Wednesday. Work was done at the University of Utah, which was compared with that of other schools, and the rank among them was thoroughly discussed. Professor Lam

Boy Sage of Price Writes a Philippic on the Gymnasium

A. C. Nelson, State superintendent of public instruction, has requested The Tribune to publish the following paper on "Founding a School Gymnasium," written by Lyman Price, age 13, a Price, and read at the recent commencement exercises at that place. Mr. Nelson considers the paper the best he has ever seen upon the subject, the agreeable writer being taken into consideration.

A gymnasium is a place where boys and girls can go for amusement. The building is divided into different rooms, each having a special exercise. Besides this, baths, baseball diamonds, tennis courts, race tracks, etc., should be provided. Some persons will say that boys can use the trees for a trapeze, the fence for a vaulting bar and the ax instead of a punching bag. Why isn't the sort of exercise good enough for the boys? I may just as well ask why doesn't the Price Commercial club meet in this house right outside? Why don't the boys go in swimming in the canal just above town? Because it is not the proper place. Then the trees are not the proper place for the trapeze.

Some will say that the street is a good enough race track for them. Two years ago the school had a circular track built. When it was just marked out, almost the entire school was running, including some of the girls. When we leveled the track, it wasn't five minutes until it was packed as hard as a rock. Now, what made the boys want to run? It was the race track. They would never run so hard on the street. Now tell me that the street isn't a good enough place for a race track. You know how much harder a man will work when he likes it than when he doesn't. Boys and girls are peculiar creatures. There must be pleasure in sight, but not that alone, the gymnasium represents a vigorous body, and it is a pleasure in sight. Any boy would work two hours to get one hour's pleasure.

People say it is pleasure to play pool or to play at the bowling alley. It can be compared with the pleasure of the gymnasium. Boys get in the barns and tramp on the hay trying to make a gymnasium. If they had some other place to go, so many fathers wouldn't be made angry nor so much hay tramped on and spoiled.

The gymnasium would draw the boys from bad places. Saloons are not good places for young men to go, but they go there just the same. They would not go if they had a gymnasium. At a gymnasium they receive some good, while at the saloons they get harm.

The girls have as much to do in the

gymnasium as the boys. They never exercise much unless they go walking with their beaux. Some of the girls play basketball which they would play more if they had a gymnasium. The city girls have more pleasure than our girls because they have a gymnasium.

Why can't Price have a gymnasium? We could do away with some unnecessary things long enough to have a gymnasium. You have the waterworks, the telephone, and many other conveniences. Why can't you have a gym? So will a gymnasium.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Salt Lake City People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Salt Lake City.

Mrs. E. A. Hoggan, living at 318 South Eighth West street, Salt Lake City, Utah, says: "I am pleased to recommend Doan's Kidney Pills to the citizens of Salt Lake City, especially those suffering from kidney complaint in any form. I have used them in my family and the results received were very satisfactory. I honestly recommend them to others as a reliable remedy for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no others.

There is no reason why it should not be successful here if there is any need of it.

President J. T. Kingsbury returned Wednesday morning from Cedar City, where he gave a lecture before the graduating class of the branch normal. Many of the class will continue their work next year at the local school.

The classes in zoology are planning to spend next week among the islands of Great Salt Lake. About twenty will make the trip, which will be in charge of Professor Chamberlain.

The faculty held a special meeting Wednesday to pass upon the list of graduates from both the normal and collegiate courses. The list will not be complete for several days yet. There is considerable anxiety among the members of the list as to whether they are among the unfortunate ones.

Moon's book store is now located just south of Walker's store.

S. D. Evans, Undertaker and Embalmer, has removed to new location, 48 South State.

EASTERN EXPERTS INSPECT ZION'S WATER RESOURCES

W. H. Schott of Chicago, chief engineer and contractor of the Salt Lake Public Utility, accompanied by J. B. Scott and F. W. Keyser of New York City, since their arrival here have been spending their time in the Big and Little Cottonwood canyons, and in and around the city, going over the details of the plant being installed by the Salt Lake Public Service company.

Mr. Keyser is an expert on heavy construction and concrete work. Mr. Scott is an expert on the commercial possibilities and electrical engineering features of the project. These representatives are in the East and are very much interested in Salt Lake City and their duties.

To Mine in Seven Troughs.

The Seven Troughs Mining company, with a capital stock of \$250,000, in 25-cent shares, filed articles of incorporation in the office of the County Clerk Wednesday. The company owns seven mining claims in the Seven Troughs district, in Humboldt county, Nev. The officers are as follows: Clinton D. Ray, president; T. Olsen, vice-president; Edmund T. Olsen, secretary; Lucian A. Ray, treasurer.
